

Thank you for purchasing an Outdoor Revolution product, this product will give years of satisfactory service if basic instructions are followed, our products are designed for durability and for ease of erection.

Spare poles can be purchased to replace broken poles
** Porch awnings will not be swapped because of broken poles**

Please read the following instructions carefully

TIP: Refer to the photograph to help when pitching your Movelite Pro Explore.

- Please do not leave for your vacation without fully erecting and checking the contents of your porch.
- Ideally erect your porch for some period allowing it to weather.
- Please make sure that before erecting, that you site the porch on clear Level ground with no sharp objects underneath, and that all the zips are fully closed. (We recommend laying a groundsheet down to keep the awning Dry and clean)
- If you have any issues relating to pitching your awning please contact your dealer for instructions before going on holiday.

IMPORTANT PLEASE CHECK YOUR EQUIPMENT

(Make yourself familiar with the awning and its parts before attempting to erect)

Contents

Flysheet (or outer)

1 x Steel front canopy pole x 2 vertical legs (in a separate bag)

Pegs (in a separate bag)

Outer carrying bag (with dimension details)

Stability Straps x 2

A selection of spare parts

ERECTION INSTRUCTIONS.

Outdoor revolution tents are all erected outer first

1. Lay the flysheet spread out on the ground. Slacken adjusters off on the black tapes (near the ring and pin assemblies) around the foot of the awning.
2. Open the Fiamma/Omnistor approx 15cm. and slide the flysheet using the profile at the rear of the awning roof into small channel at the base of the front edge of the unit
3. Open the pole bag and lay the poles out on the ground. Take the shaped steel canopy pole and slide through the sleeve on the canopy after this attach one of the two vertical leg supports into position and then repeat this with the remaining one. The legs can then be tensioned using the steel pins from the 'ring and pin' assembly at the base of the awning canvas. SPARE POLES CAN BE PURCHASED FROM WWW.OUTDOOR-REVOLUTION.COM, spares section.
4. You should now be ready to peg the awning out. Firstly, make sure all zips are closed. Starting at one corner (by the motorhome) work round the awning and peg out all the pegging points around the awning (Take care not to over tighten the awning, if a door zip is tight it is probably stretched too tight)
5. Guy lines can now be tensioned and pegged on the awning please ensure in heavy weather that ALL guy lines and stability straps are used. (Please note that failure to use all the lines may result in your awning being damaged)
6. Finally tension the elastic toggles on the two panels which sit against the motorhome to create a better weather seal, and adjust the position of the Fiamma/Omnistor if required.

ADDITIONAL FEATURES ON YOUR MOVELITE PRO EXPLORE

- 1) One piece steel pole system for ease of assembly and greater stability.
- 2) Fly screens on both doors
- 3) Ring & pin system at foot of awning to locate poles
- 4) Rear pad system (adjustable)
- 5) Rear pad poles (extra cost option)
- 6) Pockets on right and left side to stow front panel
- 7) Black webbing floor tapes adjustable
- 8) Can also be used on certain taller caravans (250-270)

Please note these few points for trouble free camping.

- a. After use please you always dry and air the tent before packing away.
- b. Any dirt or stains can be removed by brushing or gently washing with warm water. DO NOT use detergents as this will destroy the waterproofing on the fabrics.
- c. We advise that you DO NOT cook or smoke in this tent; although the outer fabric is fire retardant treated it will still melt.
- d. Please make sure that you have a good time.

****We highly recommend that you insure your awning against storm damage or accidental damage, as the warranty does not cover such eventualities. The manufacturer is not liable for any damage caused to the caravan or vehicle because of misuse, incorrect pitching or extreme weather****
