Contents

Canopy

2 x steel vertical poles

2 x lengths of plastic 'figure of 8'

A selection of spare parts

ERECTION INSTRUCTIONS.

1. Lay the outer/flysheet spread out on the ground.
2. Open the pole bag and lay the poles out on the ground.
3. Now decide which side of the awning you want the canopy on.
4. Slide the 2 pieces of 'figure of 8' into place on the side of the awning (using the awning profile above the side panel under the weather strip.)
5. Next slide the canopy into place using the channels on the 'figure of 8' and secure the toggles in place.
6. Guy lines can now be tensioned and pegged on the canopy, please ensure that *ALL* guy lines are used.
7. **Please do remember this is a sun canopy and is not designed for use in heavy rain, strong winds etc.**

Please note these few points for trouble free camping.

- a. After use please you always dry and air the canopy before packing away.
- b. Any dirt or stains can be removed by brushing or gently washing with warm water. DO NOT use detergents as this will destroy the waterproofing on the fabrics.
- c. We advise that you DO NOT cook or smoke in this tent; although the outer fabric is fire retardant treated it will still melt.
- d. Please make sure that you have a good time.

****We highly recommend that you insure your canopy against storm damage or accidental damage, as the warranty does not cover such eventualities. The manufacturer is not liable for any damage caused to the caravan or vehicle because of misuse, incorrect pitching or extreme weather****
